OBJECTIVE

ECE student with strong interest in Full Stack Development, experienced in building web applications with Django and React. Skilled in integrating frontend and backend systems, while also applying knowledge in full stack development to deliver impactful and efficient software solutions.

PROJECTS

Prototype E-commerce Website *Django, HTML, CSS, Bootstrap, SQLite*   Mar. 2025 · Jun. 2025
* Designed and developed a test-phase e-commerce platform with features like user login, product catalog, cart system, and order summary.
* Practiced full-stack development concepts with Django and database integration.

Resume Builder Application *Django, HTML, CSS, Bootstrap, SQLite*   Jul. 2025 · Sep. 2025
* Developed a web application that allows users to create, edit, and preview resumes with multiple professional templates.
* Implemented features for resume download in PDF format and JSON data export/import.
* Integrated user authentication system enabling signup, login, and secure profile management.
* Built modules to support internship and job applications, enabling users to directly apply through the platform.

Internship & Job Application Portal *Django, HTML, CSS, Bootstrap, SQLite*   Sep. 2025 · Oct. 2025
* Developed a portal similar to Internshala where students can register, create profiles, and apply for internships or jobs.
* Implemented admin dashboard for posting job and internship opportunities.
* Designed user dashboard to track applications, view details, and manage profile information.

INTERNSHIPS

Full Stack Developer Intern   Jul. 2025 · Aug. 2025
Svadharma Private Inc   *Bangalore, India*
* Built a Resume Builder application with Django, enabling users to create and personalize resumes.
* Implemented admin panel features for organizations to manage profiles and job applications.
* Collaborated with backend developers to add job application workflows and resume tracking.

Full Stack Developer Intern   Dec. 2024 · Mar. 2025
Tech Jose   *Thoothukudi, India*
* Developed and maintained the customer page of a billing generation application using React and Redux.
* Integrated REST APIs for dynamic billing and payment features with backend team.
* Improved UI/UX through responsive design for seamless customer experience.

CERTIFICATIONS

* Fullstack Development The Complete Developer (Tech Jose Internship)
* Microsoft Office Certification

SKILLS

* **Frontend** React, HTML, CSS, Bootstrap, JavaScript (ES6+)
* **Backend** Django, Python
* **Databases** SQLite, MongoDB
* **Version Control & Tools** Git, GitHub, VS Code
* **Soft Skills** Problem-Solving, Teamwork, Adaptability, Communication

EDUCATION

E.S College of Engineering and Technology   Villupuram, India
B.E Electronics and Communication Engineering CGPA · 8.1 (upto 6th Semester)   *Sep. 2022 · May 2026*

Govt Boys Higher Secondary School   Cuddalore, India
Higher Secondary   *Jun. 2021 · Apr. 2022*
